Don't forget

- Stop your car after an accident, check if any 1's injured and help where you can. (It's the law.)
- Inspect any damage and, if you can, take photos.
- Give your details to any 1 who needs it.
- Taking meds/drinking alcohol after an accident is a big no-no, unless a medical professional tells you to.
- Only use King Price-authorized towing operators. Remember, you'll be responsible for the cost of the towing/storage if you don't use our assist line and approved towing operator, when you're medically able to.
- Tell us no later than 30 days after the incident. We need to know about any incident you're involved in to maintain cover.

- Tell the police within 24 hours. Even if there's no damage to your car, there could be damage to the third party's property.
- Get a copy of the police report, case number, your statement and details of the police station and assisting officer.
- Leave it to the king. Never admit guilt or offer a settlement to any other party after an accident. We won't be responsible for any admission or offer you make.
- Get written approval from the king before arranging for repairs/replacements.
